

PRODUCT DATA SHEET

COOL53 SMARTLIFT-CS 1 D 2WINGS

The Cool53 SmartLift-CS 1 D 2Wings is a two door, fixed bulkhead. Each door is connected to a SmartLift balancer to be able to stow them independently of the other. The SmartLift balancer system with steel coil springs works in accordance with standard Schmitz Cargobull Multitemp Track. The SmartLift balancer system allows the bulkhead to be easily and quickly repositioned over the length of the trailer. This IsoLok solution can be retrofitted to Schmitz Cargobull Multitemp trailers.

The Cool53 SmartLift-CS 2Wings will be delivered according to trailer specifications.
